

dandi Paper Flowers

Materials required :

A paper lantern
Dandi paper napkin
Petal shape template
Scissors
Hot glue gun and gun
2 metres of ribbon same colour as the paper napkin

Instructions :

1. Cut out the petal shapes from the Dandi petal Template.

Cut out 8 paper napkin petals using the petal templates, choose which ever size you would like. You can follow this or make flowers with different sized petals. Then cut out a paper napkin circle using the circle template.

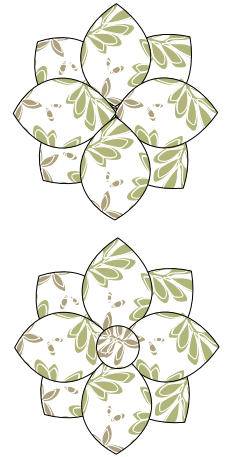

2. Once you have cut out all the petals, get your paper lantern and turn on your hot glue gun.

Arrange the petals around like a flower and stick down using the hot glue gun onto the

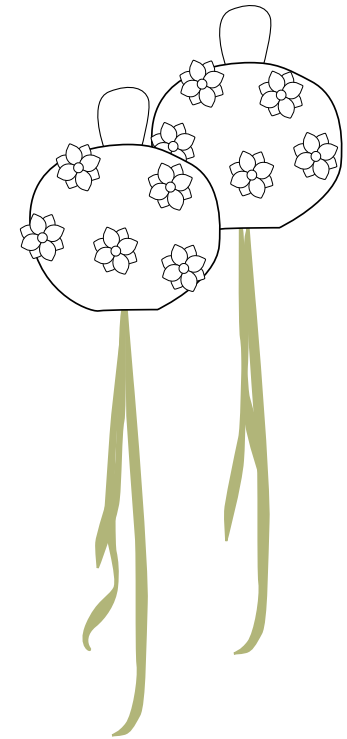

3. Once all the petals are stuck down you can now glue down the circle on top.

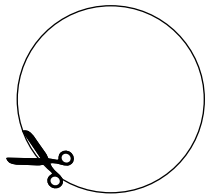

4. Once you have stuck on one flower, repeat until you feel you have enough flowers.

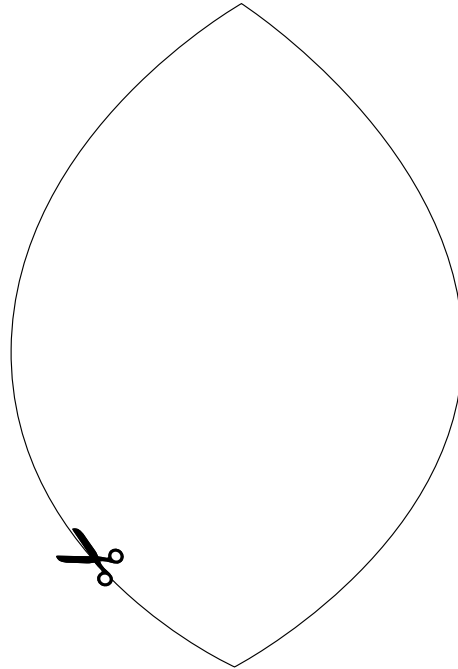

For a finishing touch cut your ribbon into 3 different lengths. Tie these at the bottom of the lantern.
